

Greetings Pastors, supporting Churches and friends,

Here in Spain school is back in session now. Their school schedule is what ours used to be when school started just after Labor Day. As Summer comes to and end we look back on an incredible summer. I would like to share with you some of those moments where we saw the Lord at work.

Vacation Bible School! This was our fourth year doing a VBS and God blessed us with an awesome week. We had over 50 kids this year with several visitors who were able to hear a clear presentation of the Gospel for the very first time. Because we raised funds for some of our teenagers and young adults to go to camp, they work on a summer program to give back for the help received for their camp and one such way is working at our VBS. I loved seeing the Church bursting at the seams every day with all of our volunteers and helpers. We make this a big deal to show the children of our Church that they are important to us and especially to God.

Summer Camp in Belgium. After our baptism service where many of our daughter Soshanna's friends were baptised, we started praying for the provision to take them all with us to summer camp in Belgium. We work with Churches from Germany, France and of course Belgium and all these girls wanted to attend and in an amazing way, God provided for them all to be able to go! In the end, 32 went to camp from Spain this year, 29 from our Church. There was such a good spirit at camp this year, with many decisions made for Christ. There were a few from our group who trusted Christ as their Saviour and several who surrendered to serve God with their lives. It was an amazing time with lives touched and changed forever. From the bottom of our hearts, thank you to all who helped with providing the funds to send these kids to camp. Its was huge effort to get them there but when we saw the altar full, tears in their eyes, sin confessed and decisions made for Christ, it was all worth it! We are now enjoying the fruit with our teenagers serving in many ministries in the Church.

Church visit. We also had the blessing to receive Pastors Harrison and Chae from Grace Baptist Church in Lockport, Illinois. What a joy to show them our work and ministry and all that God is doing. We had another packed Sunday where in our second service every single seat was filled. It happened again the Sunday after. We were very blessed by their visit and friendship towards us and the partnership the Lord has allowed these past years.

Our friend Maximo. We have a lady in our Church named Patri who for years has brought her 92 year old father to church until recently when his health began to limit his ability to physically come. He has heard the Gospel many times yet never received Christ as his Saviour. When asked, he would always say he wasn't ready. We would visit him in his residence and read the Bible to him but still the answer was the same: "I am not ready". A few days ago I received a phone call from Patri where she shared amazing news. On a recent visit her father squeezed her hand and said: "I am ready now" and there he prayed the sinner's prayer and received Christ as his Saviour. My wife and I just went to visit him last night and he confirmed what had happened. The Lord worked in his heart and now there is a new name written down in Glory! This time, when I read Scripture to him it was much different. He seemed to soak in every verse. He would nod his head in agreement and smile.

Thank you for your love, faithful support and prayers. God is so good! To Him be all the Glory!

Your missionaries serving in Spain,

The Meyer Family
