MINISTRY UPDATE & A SPECIAL PRAYER NEED

October 6, 2026

Dear Pastor and Church Family,

I would like to share an update concerning the ministry of Bro. Dani Araya and the Coronado church in Costa Rica. Each week, the church's evangelistic groups continue going out to public places throughout Coronado—including shopping centers, the park, the hospital, and the streets—to distribute Gospel tracts and personally share the Word of God. New believers are being discipled through regular Bible studies, where they continue learning the Scriptures and growing, as 2 Peter 3:18 says, "in the grace and knowledge of our Lord and Saviour Jesus Christ." The church's Bible institute also has many students who meet each week to prepare themselves to serve the Lord more faithfully and effectively. Through these and the church's many other ministries, God's people are receiving strength and encouragement from His Word to keep moving forward.

By God's grace, Pablo is doing well at this time. On Wednesday, September 23, 2026, he began his vaccination schedule again from the beginning so that his body can start rebuilding protection against preventable diseases caused by viruses and bacteria. It is important to understand that neither these vaccines nor any other medication will cure Pablo's underlying condition. Because he has pure red cell aplasia, the only treatment that can cure the disease is a bone marrow transplant.

Pablo's first transplant did not succeed. As the family understands it, there are two ways in which he may be healed: God may miraculously heal his bone marrow completely, or Pablo may need another bone marrow transplant through which God may choose to work. We serve an almighty God, and if it is His will, He can heal Pablo in an instant. We also know that God is sovereign and works in the lives of His children according to His holy and perfect will.

If the Lord's will is for Pablo to go through this procedure again, please pray that God will give him the strength and everything he needs to endure it once more. The family's desire is for Pablo to be healed by the miraculous and merciful hand of God; above all, they want God's will to be done in his life so that the Lord's name will always be honored and glorified. To God be all the glory.

Because of Pablo's prolonged medical situation, Bro. Dani and his family have faced financial strain. Pablo is expected to remain in isolation and under special care for approximately six more months while they wait to learn what the next step will be. If the Lord places it upon your heart and you are able to help, any offering would be a great blessing to the Araya family during this season. This is a sincere need, and every gift will help with the expenses they are facing.

Please also pray for Bro. Dani as he seeks the Lord's direction concerning several important decisions in his life; that souls in Coronado will continue to hear the Gospel and turn to the living and true God; and that the church will continue to grow for God's honor and glory. Pray that the Lord will arrange every detail and supply what is needed according to His mercy and will.

IF THE LORD LEADS YOU TO HELP
